

20 Year White Cellular PVC-u GUARANTEE

According to the British Plastics Federation Codes of Practice, British Board of Agrément Certificates (91/2620 and 91/2622), and Kalsi Plastics Design and Specification Guides for Roofline and Cladding, white PVC-u profiles supplied under Kalsi Plastics' brands (Aquacel and Aquaflow) will maintain their colour fastness and mechanical function, as defined by BS7619:2010, for twenty years under natural weathering conditions from the date of manufacture.

- This guarantee is only valid for flaws that manifest within 20 years after the product's manufacture date and for which Swish receives written notice of the flaw within 28 days of it happening.
- Kalsi Plastics reserves the right to provide new profiles or, at its option, to repair profiles as the only and exclusive remedy with respect to the aforementioned Guarantee.
- Kalsi Plastics disclaims all other warranties and representations, and it will never be responsible for any other kind of loss or harm, direct or indirect (including but not limited to installation costs).
- White profiles that have been coated with any material or non-white profiles are not covered by this guarantee.
- There are no more guarantees provided regarding fair wear and tear, aggressive industrial circumstances, impact resistance, abrasion resistance, stain resistance, resistance to scratching, or performance in unusual climates.
- This guarantee is only applicable to the final usage of the profiles in Middle and Northern Europe (latitude 45° to 60°), at elevations lower than 1800 metres above sea level, and in environments where the profiles have been installed and stored between 0° and 30°C.
- Claims related to this guarantee will only be fulfilled after Kalsi Plastics has inspected and approved the item and when proof of purchase is provided.
- The installation of the Profiles is not covered in any way by this warranty. It is advisable to acquire an independent installation guarantee from the installer.
- If parts of the installation come from systems made by other manufacturers, the guarantee won't cover it.
